5 - Step Regular Lawn Program for 2018

Our "5-Step Regular Lawn Program" is designed to keep your lawn healthy and beautiful throughout the year. Here's what it includes:

- 1. Early Spring Treatment:** We start the year with a pre-emergent weed control and fertilizer to prevent weed growth and give your lawn a healthy start to the year.
- 2. Late Spring Treatment:** We apply a weed killer to handle any weeds that have sprouted and another round of fertilizer to keep your lawn green and growing.
- 3. Summer Treatment:** We apply a slow-release fertilizer to feed your lawn throughout the hot summer months, along with targeted weed control.
- 4. Early Fall Treatment:** We apply another round of fertilizer to strengthen your lawn's roots and prepare it for the winter, along with any necessary weed control.
- 5. Late Fall Treatment:** We finish the year with a final application of fertilizer to provide your lawn with the nutrients it needs to survive the winter, along with a pre-emergent weed control to prevent weeds from sprouting in the spring.

This comprehensive program ensures your lawn receives the right treatments at the right times for optimal health and beauty

Comprehensive Garden Revitalization

Our Comprehensive Garden Revitalization service is designed to transform your outdoor space into a vibrant, healthy, and beautiful garden. This service includes the following steps:

- 1. Initial Consultation:** We start with a detailed consultation to understand your vision, preferences, and the specific needs of your garden. This includes assessing the soil condition, sunlight exposure, and existing vegetation.
- 2. Design Phase:** Based on the initial consultation, our experienced landscape designers will create a custom garden design that aligns with your vision and the unique characteristics of your space. This includes selecting plants that will thrive in your garden's conditions and arranging them for optimal health and aesthetics.
- 3. Preparation:** Our team will prepare your garden for the transformation. This includes clearing any unwanted vegetation, improving the soil quality with organic compost, and setting up any necessary irrigation systems.
- 4. Planting:** We will carefully plant the selected vegetation according to the custom design. This includes everything from trees and shrubs to flowers and ground cover.
- 5. Maintenance Plan:** After the planting is complete, we will provide a detailed maintenance plan to ensure your garden stays healthy and beautiful. This includes watering schedules, pruning guidelines, and seasonal care tips.

PROVIDER TERMS & CONDITIONS

1. **Services:** Green Thumb Landscaping agrees to provide the landscaping services as described in the contract. Any additional services not specified in the contract will be provided at an additional cost.
2. **Payment:** Payment for services rendered is due within 30 days of invoice date. Late payments may incur a late fee.
3. **Cancellation:** Either party may cancel the contract with 30 days' notice. If the client cancels before the completion of the services, they may be responsible for the cost of the work completed to date.
4. **Liability:** Green Thumb Landscaping is not responsible for any damage to property due to acts of nature, unforeseen underground issues, or pre-existing conditions.
5. **Dispute Resolution:** Any disputes arising out of this agreement will be resolved through mediation. If mediation is unsuccessful, the dispute will be submitted to binding arbitration.
